Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Studies in English History These studies were first prepared three years ago, and have proven an excellent means of imparting the facts of history and stimulating students to further reading. An effort has been made to adapt them to the needs of both elementary and advanced classes. Several books have been added to the bibliography, and among these four of the most recent text-books on the subject. Suggestions for map work, and over five hundred questions, selected from the Regents examination papers of New York and the entrance examinations of the leading colleges and universities have also been included. The latter will, it is hoped, assist in preparing the student for such examinations, and furnish material for quizzes and for written work in the class. They also give the student a clue to the sort of information he should bring to the recitation, after a careful study of the topics. This book is not designed to take the place of the text-book, but to supplement it and enable the student to select and assimilate the essential facts of English history. Experience has shown the need of some such device, especially in view of the crowded condition of the secondary curriculum.
