Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Grand master PuMa Tse tours the human condition in human terms: from wild humans to the nature of nations and religions. The master guides through processes of personal evolution, showing how subjective and objective realities form one progressive system ranging from pure fantasy through the world of illusions to understanding the nature of ultimate reality. The master defines and maps stages and rankings of mastery through para-nirvana as never before, detailing progressive forms of meditation from introductory meditations with and without object to theta meditation into enlightenment, and the nature of pervasive meditations of masters thereafter. Includes select quips about dreams, ego, habits, happiness, humanity, illusions, living, mastery, money, nature, society, soul, and spirit. Also includes an open letter encouraging personal evolution as a way to make real difference in the world despite its insanity.
