Scientific research confirms what people have always known: answers, ideas, and inspiration do come to us in dreams. Harvard psychologist and world-renowned dream specialist Deirdre Barrett, Ph.D., offers this rich collection of examples of how the world's most creative practitioners in art, music, film, science, literature and other fields have used the revelations of their dream life to inform their work. Dr. Barrett offers insights showing us how to encourage lucid, meaningful dreaming, and how to apply the meanings of our dreams to solving problems--from the everyday to the extraordinary. This is the stuff dreams are made of. In the visual arts, Jasper Johns couldn't find his unique artistic vision until he dreamed it in the form of a large American flag. Salvador Dali and his colleagues built the startling new genre of surrealism out of dreams. Kubla Kahn dreamed the design for his stately pleasure dome; thousands...
