## Supervolcano: Eruption

By Harry Turtledove

Roc. Paperback. Book Condition: New. Mass Market Paperback. 464 pages. Dimensions: 6.7in. x 4.2in. x 1.3in. Yellowstone National Park sits on a hotspot: a plume of molten rock coming up from deep inside the earth capable of volcanic eruptions far greater than any that have occurred in times past. It has been silent for many years, providing false security for a nation unprepared for the full force and fury of nature unleashed. It begins with explosions that send lava and mud flowing far beyond Yellowstone towards populated areas. Clouds of ash drift across the country, nearly blanketing the land from coast to coast. The fallout destroys crops and livestock, clogs machinery, and makes cities uninhabitable. Those who survive find themselves facing the dawn of a new ice age as temperatures plummet worldwide. Colin Ferguson is a police lieutenant in a suburb of Los Angeles, where snow is falling for the first time in decades. He fears for his family who are spread across America, refugees caught in an apocalyptic catastrophe where humanity has no choice but to rise from the ashes and recreate the world. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Mass Market...

### Reviews

*It is one of the most popular ebook. It usually fails to price an excessive amount of. It has been printed in an extremely basic way in fact it is merely right after I finished reading through this book in which really altered me, change the way I believe.*

-- **Sigrid Brown**

*Absolutely one of the best pdf we have ever read. I really could comprehend every little thing using this written ebook. I am easily could get a satisfaction of reading a written publication.*

-- **Dr. Odie Hamill**
